MAINNING

## RoHS Statement

In response to the legislated environmental directives being instituted all over the world, Mainning has set a comprehensive program that is intended to promote product compliance with the new laws. At this time, the key environmental directives are from the European Community, with many countries/ states, either following these directives explicitly or instituting their own variations. The most notable directive is the RoHS(Restriction of the Use of Certain Hazardous Substances). According to 2002/95/EC RoHS legislation restriction, the use of certain hazardous substances to less the stated limit used in electronic products. The RoHS and equivalent directives prohibit use of the following substances in the products placed into the market effective 1<sup>st</sup> July,2006(The directive does not apply to spare components for the repairs or use of electrical/electronic equipment available for sale prior to 1<sup>st</sup> July,2006).

Criteria / Scope	Stated Limit	Text Ref
Pb(Lead)	<1000ppm (< 0.1% of weight)	2002/95/EC
Hg(Mercury)	<1000ppm (< 0.1% of weight)	2002/95/EC
Cd(Cadmium)	<100ppm (< 0.01% of weight)	2002/95/EC
Cr <sup>6+</sup> (Hexavalent Chromium)	<1000ppm (< 0.1% of weight)	2002/95/EC
PBB(Polybrominated Biphenyls)	<1000ppm (< 0.1% of weight)	2002/95/EC
PBDE (Polybrominated Diphenylethers)	<1000ppm (< 0.1% of weight)	2002/95/EC

Mainning has received requirements from many customers to provide products confirming to these environmental regulations, and is actively making the effort to offer products and developing manufacturing process that are in compliance with the directive as soon as possible. Currently approximately 85% of our products are already compliant and do not require a part number change, the remaining 15% scheduled to become compliant by 31<sup>st</sup> March,2006. All of RoHS compliant cable/wire and others will be identified on the jacket or appearance of products print legend with the text RoHS.
